THE REVENUE SHARE MODULE

**An on-line advertising agency
Real leading advertisers
= A Real Remuneration!**

A very profitable program

Each advertising coupon costs 25 euros. You can buy up to maximum 600 coupons. Then you can use your gains to buy more coupons if you so wish.

Minimum 2 advertising coupons for 50 euros when signing up.

Your advertising coupons will be remunerated, week after week, until they reach 35 euros, that is 40% gain!

Remuneration every Friday between 09:00 and 12:00 CET for those who qualify!

Easy qualification

Upon registration, you receive your personal Resource website with our partners' advertising banners. You must click those banners every week in order to receive your remunerations.

The number of clicks that you have to make depends on the number of advertising coupons you have:

- Up to 30 coupons: 10 clicks**
- From 31 to 100 coupons: 20 clicks**
- More than 100 coupons: 30 clicks**

You have a click meter on your Resource website and also in your Profits25 back-office.

Of course if you're interested in some of our partners' websites you can ask for more info, and purchase their offers if you so wish. But you don't have to if you're not interested!

Those clicks and sales earn money for the company. That money (minus company's margins) is shared equally between all advertising coupons. This is the "revenue share" principle.

Your advertising agency

Each advertising coupon entitles you to put a banner of your own in the « Offres des membres - Members offers » section of your resource site, if you so wish.

Those private banners are visible to all the other members and the visitors to the website.

Caution: members' banners do not count for your clicks!

That way, not only do you make money with your advertising coupons, but in addition you also increase the traffic to your websites!

Promote your Resource site since the more clicks and sales we get, the more profitable the program is!

The Remuneration

**Each advertising coupons is remunerated up to 40%.
When your advertising coupons reach 35 euros,
that is a gain of 40%, they're deactivated.**

**You can withdraw your money or buy new
advertising coupons at any time.
By using your gains to buy more coupons you can
implement a strategy so as to achieve
your goals in the Module.**

**The remuneration that you receive every week represents
part of your down payment + part of your gains.**

**In summary,
after you sign up**

**You receive your
resource website
+ your Profits25
sponsoring website**

**You make your clicks
every week**

**You receive your
remuneration
every Friday**

All useful informations (scoreboard of your advertising coupons, detailed synthesis of your gains) are available in your Profits25' member area.

The sponsoring

It is not compulsory to sponsor members but it's very profitable. Those who sponsor members in the Module receive the following sponsoring commissions:

- Level 1 (direct referrals): 10%**
- Level 2 (your referrals' referrals): 5%**
- Level 3: 3%**
- Level 4: 2%**

You also receive sponsoring commissions when your referrals buy new advertising coupons.

This is a percentage of the value of the coupons bought by your referrals and your down-line!

Sponsor friends and make even more money!

Sponsoring will allow you to take full advantage of the power of this concept!

Sponsoring commissions on four levels of depth: The chance to make money on everything your down-line buys. This is the key to success in the Revenue Share Module!
